JANUARY MISSION FOCUS: ZOE

Many missions help children living in poverty. ZOE goes a step further and helps children help themselves. These children move from homeless, starving, sick and abused to become successful self-reliant leaders in their community in only three years. Our church is supporting our third group of ZOE orphans. Through your generosity, you have not only changed the lives of those 300 children, but also the non-ZOE people with whom they interact. These young people hire and train others in their communities; they adopt and care for other orphans. The younger children are able to go to school. Our Promise Marere group is halfway through their three-year program - they have already learned how to grow food, raise animals, and manage their own businesses, providing themselves with sustainable sources of income. Now they can eat two meals every day - their lives are already much better. Come visit the ZOE tree in the narthex. Each child in our group is represented by a leaf. To help support ZOE, take a leaf and write the church a check for \$75 - that's the cost to support one child for one year. Keep the leaf so you remember to pray for your child - your prayers and encouragement are so important to them.

Vacation Bible School is in need of a new leader. If you have a love for children and want to see them grow in a personal relationship with God, we ask you to prayerfully consider becoming the new coordinator. VBS is a week-long ministry in June where we invite the community children in and engage them in fun activities like crafts, music, lesson, games and of course snacks all based around a faith based theme. For any questions and more information, please contact Heidi Stimmel 740-965-3813 or email at hstimmel@sunburyumc.org.
